Definitions Committee

Prior Accomplishments:

- Updated scores of Terms in Glossary of Collision Terms
- Converted and Published the Glossary of Terms to CIC Wiki
- Began Evaluating Spanish Translation

Definitions Committee

2021 Plans

- **Update Mission Statement** – see next slide...
- **Parts Definitions** – Plans to Collaborate with **Parts** and **Emerging Technology** committees on definitions as they develop
- **Spanish Translation** – Plans to gather resources to translate existing Wiki content – Goal to be able to have user toggle between English & Spanish

Definitions Committee

The Collision Industry Conference Definitions Committee is an industry volunteer group comprised of repairers, insurers and suppliers and others whose mission it is to assist in clarifying and bringing universal understanding to the terminology used in the automotive ~~damage repair and refinish process~~ collision repair industry. The committee receives submissions for review, possible modification to limit content to just definitions, and publication to the CIC Wiki.

- **Submissions to the committee will be reviewed for proper categorization and that content is limited to definitions only. The committee will ask that submissions not include application of price or labor times to be paid or otherwise cost associated with any definition.

Definitions Committee

Committee Meetings

- Committee meets by Teleconference between CIC meetings
- Often operates by Subcommittee
- Welcoming Volunteers with Category Expertise
