Golden Rule Adoption Vote

Committee Next Steps

Vehicle Data Access, Privacy & Security Committee

The Data Protection & Sharing “Golden Rules”

Golden Rules available on CIC Website: Data Protection and Sharing “Golden Rules”

Vehicle Data Access, Privacy & Security Committee

Proposed Addition to the “Golden Rules”

Application providers should allow end-users unfettered access to their own business data. Application providers should not limit access to data made available to the end-user, attempt to control or restrict data flow provided or generated by the end-user to the end-user’s partners of choice.

Vehicle Data Access, Privacy & Security Committee

Special Presentation: Panel Discussion

"Data Access & Real-World Business Cases"

Panelists:

Michael Bradshaw, K&M Collision

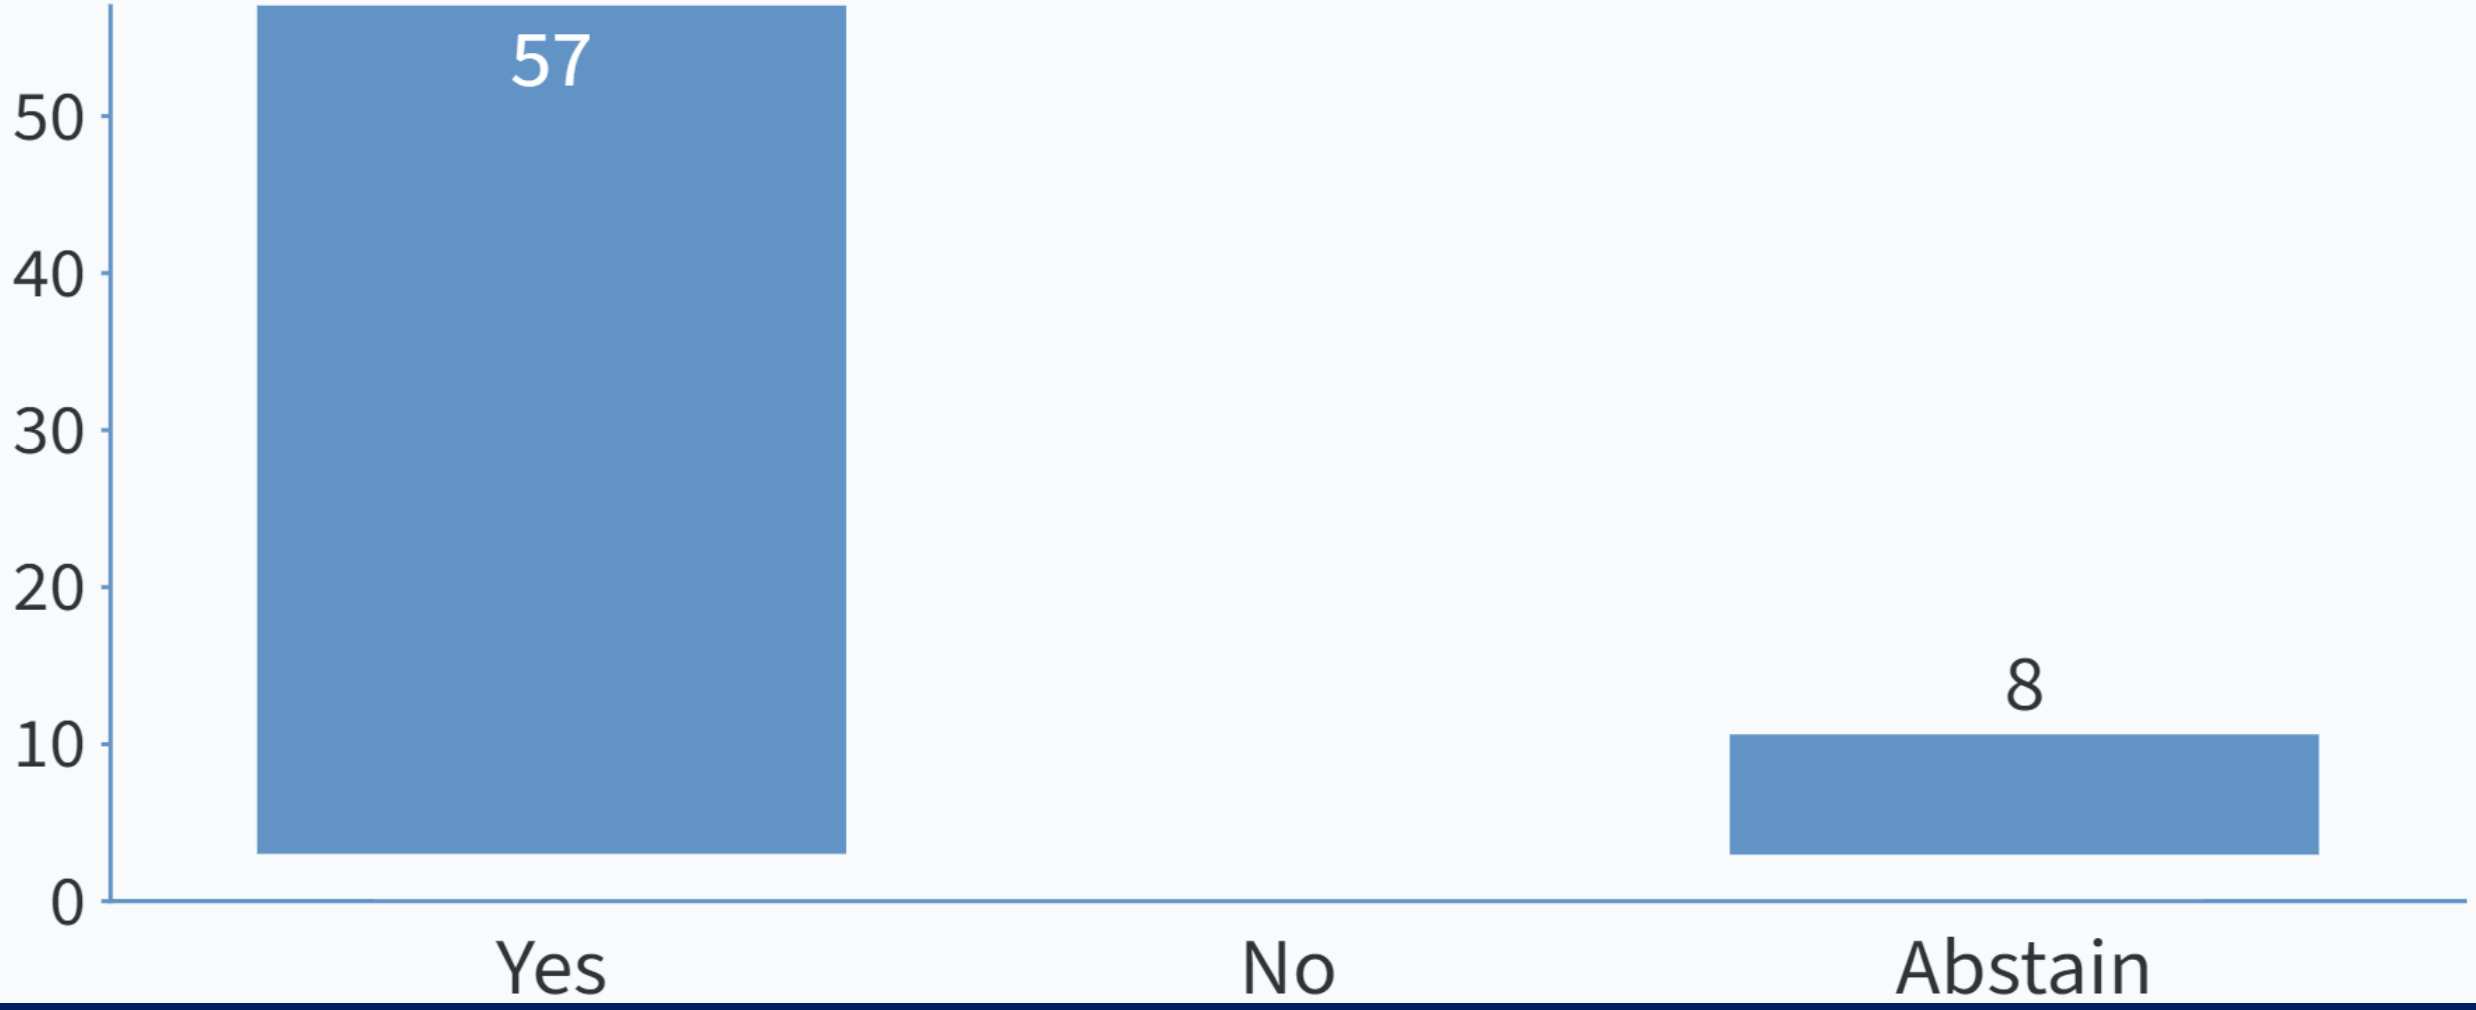
Rick Palmer, ComputerLogic, Inc.

Vehicle Data Access, Privacy & Security Committee

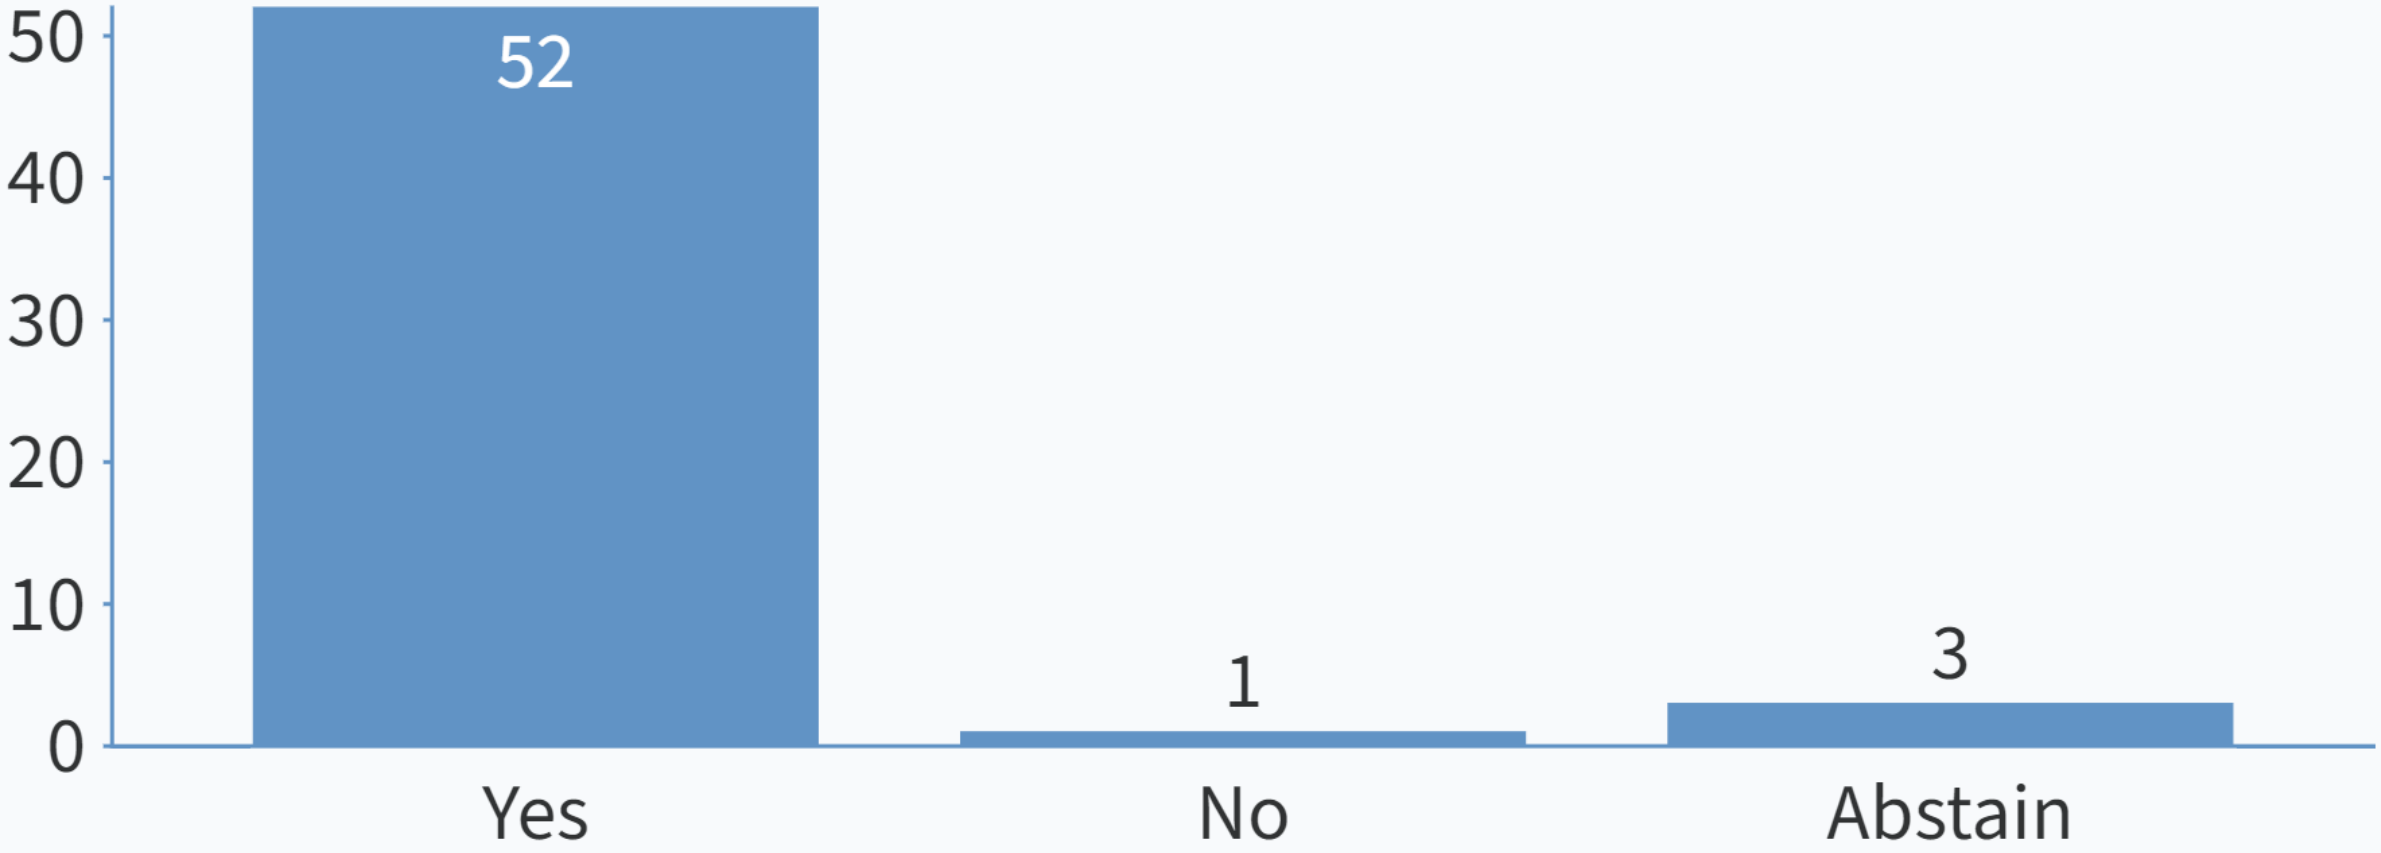
Proposed Addition to the “Golden Rules”

Application providers should allow end-users unfettered access to their own business data. Application providers should not limit access to data made available to the end-user, attempt to control or restrict data flow provided or generated by the end-user to the end-users’ partners of choice.

Are you in favor of formally adopting the proposed addition to the Collision Industry Data Protection and Sharing "Golden Rules"



Should the Data Access, Privacy & Security Committee discuss and bring forward ideas regarding data backup, access, and re-access for end-users?



Vehicle Data Access, Privacy & Security Committee

NEXT STEPS

Please continue to contact committee members for any feedback or suggestions for industry topics related to data access, privacy and security.

If you're interested in joining the committee, please contact:

Darrell Amberson: damberson@lamettrys.com

Dan Risley: DRisley@cccis.com

Trent Tinsley: ttinsley@entegral.com
